Hi! I'm Laura. I live in London in the UK. Me and my friends all go to the same school. This year our class project is to write blogs for the school website. My blog is about living in London. Every week I blog about something different. This week it's the Shard. That's a really tall skyscraper. Have you got skycrapers where you live?

Hi! I'm Fran. My blog is about the birds and animals that live in the city. I'm very lucky because my house has got a garden. Different bids and animals come to the garden. There are squirrels, hedgehogs and sometimes foxes and lots of different insects.

Hi! My name is John. My blog is about sports. This year I'm on the school basketball team. I love swimming and football too and my favourite team is Juventus! They visited London last year and played again Arsenal. They are brilliant!

Hello! I'm Marian. My favourite hobby is photography and that's what my blog is about. I take photos with a digital camera. My favourite photos are of people. I like nature photos too, especially sunsets!

LIVEWORKSHEETS

After reading the text, answer the following questions.

1. Where do Daisy and her friends live?

_____

2. Where can you see their blogs?

_____

3. How often does daisy write her blog?

_____
