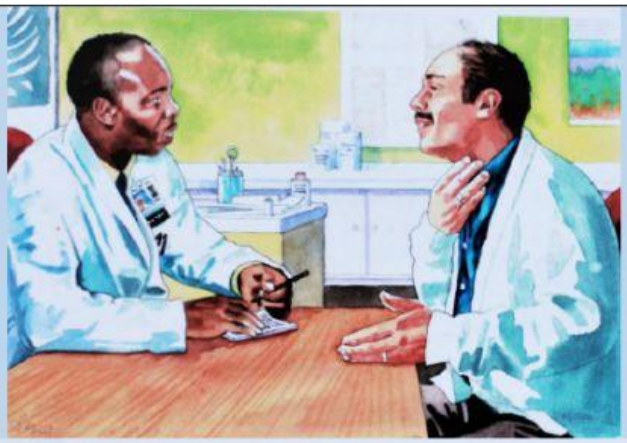
Symptoms Dialogue



Doctor: Hello, John. What seems to be the problem?
John: I've been coughing a lot.
Doctor: Anything else?
John: Yes, my chest has been hurting, too.
Doctor: It sounds like you might have bronchitis. I'd like to do some tests to be sure, and then I'll give you a prescription to relieve your symptoms.
John: Thanks, Doc.

Practice the conversation with a partner. Then, practice the conversation several more times, replacing the underlined parts with the information below.

First, decide if each word is a noun or an adjective.
Remember: Nouns = I have a _ / I have been having a _
Adjectives = I am _ / I have been feeling _

SYMPTOM 1	SYMPTOM 2	DIAGNOSIS
migraines	dizzy	**vertigo**
exhausted	congested	**cold**
the chills	nauseated congested	**the flu**
