Sports Day!

My name's Will. Yesterday was Sports Day at our school. There weren't any lessons. We were outside on the sports field all day.
There were lots of children and lots of parents at the school. It was a sunny day and everyone was very happy. There were lots of races and there were some great prizes for the winners.
I was very fast in my race and I was first. This is a photo of my prize. My mum and dad were very proud. My best friend was fast, too. He was second in his race. There were some races for the parents, too. My dad wasn't very fast in his race, but he was very funny!
After the races, there were some games for the little children. There was some great music from the school band and there was some nice food for all the children and parents.

I love Sports Day. It's my favourite day of the year!
