Rock in Rio festival

Summer is festival time and Rock in Rio is one of the largest festivals in the world … and my favorite. Some of the world's top bands and singers play at the festival every year.

The first festival was in Rio in 1985, but the event isn't always in Brazil. Sometimes it's in Spain, Portugal, or in the U.S. This year, the five-day festival was in Lisbon, Portugal, and I was there!

The American singer Bruce Springsteen and the rock band Queen + Adam Lambert were good. I love metal music and I'm a big fan of Korn. They were on the third night, but it wasn't a great concert because of technical problems. For R&B fans, singer Charlie Puth was on the final night. But it isn't my style of music.

Ivete Sangalo was on the fourth night. She's a big star in Brazil and she has an awesome voice. I don't understand Portuguese, so I can't understand the lyrics of her songs. But this isn't a problem because the music is great and makes people dance. My favorite song of her show was *Tempo De Alegria*. I can't stop singing it in my head!
