

4.1 Getting Ready for Work/School

Sally: "My life seems to be very full of activities and obligations, so I never have much time for myself. During the week it is the worst. I usually have to get up at half past six, even though I would really prefer to sleep much later. After I get up I perform my usual morning routine of washing my face, brushing my teeth. I don't take a shower and wash my hair every day. Very often I don't have time for that. Then I decide what to wear. After I get dressed I do my hair. I usually have no time for breakfast in the morning because I have to catch a 7.15 bus. When I leave for work I'm usually in a hurry. I'm always looking for my keys and wallet."

I prepare all the things I need: the textbooks, notebooks, pens and pencils. I make sure that nothing is left behind. Sometimes if I have a late night, I oversleep in the morning. Fortunately, my father takes the car to go to work and he often drops me off at the college."
