LAND OF OPPORTUNITY

A GREAT BIG WORLD

I'm sailing away, to a Land of Opportunity

The sun will _____, and birds will _____there everyday

I'm sailing away, and I hope that you _____me

It was fun, we had our run. Hip hip hooray!

____ I'm falling in love again

____You said 'hello', I loved you so

____I want you to know, I had to let go

____Just like in a movie scene

I'm running away,

We won't talk for a while,

And I'm changing my name to

It's no one's fault,

we'll be okay

I'm just too young, and you're insane

to a place where you won't bother me

a word that's really hard to say

I wasted my time, I ***missed/skipped*** all the signs

And it ***saved/ruined*** my holiday

I want you to know, I ***ought/had*** to let go

I'm falling ***in/out of*** love again

I just gotta believe there's something better

I just gotta believe there's something more than you and me

I've just gotta believe, I've just gotta believe

You said 'hello', I _____you so

I felt like a _____again

I want you to _____, I had to let go

I'm falling in _____again
