BEHAVIORAL ADAPTATION	STRUCTURAL ADAPTATION

A bear hibernating	A chameleon camouflaging	A stick bug blending in to the tree its on	A bird's wings
Salmon swimming upstream	A lion hunting and blending in with the tall grass	A bear sharpening his claws	Geese flying south
A duck's webbed feet	A harmless scarlet king snake that looks like a poisonous coral snake	Butterflies migrating	A frog burying himself under the mud for the summer
