Three school clubs

Art club

The Art club, with Mr Chance, happens in Room 6D at 3:30 on the first and third Tuesday of each month. Learn about great artists of the past and make your own pictures with oil paints, watercolours and charcoal. The club doesn't cost anything to join, and materials (worth £10) are given to you. Your painting will start to improve, and you'll be able to paint a lovely picture of beautiful mountains as a present for a parent or a friend.

Boat club

Don't worry if you've never been in a boat before: in the Boat club, you'll learn everything about sailing boats and canoes. And you don't need to buy any equipment. The first meeting is on the second Wednesday in September, and you can even bring your mum and dad along to learn with you! We'll show you some lovely rivers and lakes where you can sail or paddle. For more information (including costs) please visit www.schoolboatclub.edu.

Singing club

Ms Neilson's Singing club is for all pupils who can sing. It usually gets full very quickly, so let Ms Neilson know as soon as possible if you'd like to join. You can expect your singing to really improve in one to two months. You'll meet lots of great new people. And at the end of the year, we join with the singing club of another school and give a concert. And it's just £4 for the whole year (we haven't increased the price in 10 years!) Thursdays at 3:30 in Room 3C.

Part 3

Questions 14 – 18

For each question, choose the correct answer.

Alana Morris is just 16, but she often travels around the US. She takes part in marathons, which are 42-kilometre running races. In her first race, Alana finished fourth. She says she went too quickly for the first five kilometres, although she had tried not to do this when she practised. It was also a hot day so she needed to drink more water than usual.

After her first race, her father (who is also her running coach) said, 'The main thing was that her first marathon was a fun experience for her. I've always been a runner, and we'll continue to run together.' His daughter clearly shares his love of sport and fitness.

Almost all of the other runners in these races are adults, and so are much older than Alana. Does she worry about being the youngest? 'When I go to a race, it's great that the older runners give me advice about my running technique. It's very useful. And at the end, I always like to get a selfie with the winner!' she said.

Alana is taking part in the Ohio Marathon next weekend. She wants to finish it in less than 2 hours 40 minutes. The fastest she's done yet is 2 hours 42, which is still 8 minutes slower than the 2 hours 34 that the famous marathon runner Cathy Schiro managed when she was 16.

Many marathons have a lower age limit of 18. But as Alana shows, younger teenagers can be great long-distance runners too.
