How to write a really cool blog!

Hi, I'm Louisa. I write a weekly blog about things for teenagers to do in my town. I started it six months ago. It isn't always easy to think of something to write, but here are some things that help me. I hope they help you!

Firstly, don't worry! You [1]**mustn't / needn't** be a fantastic writer, but you [2]**must / don't have to** have something interesting to say! You [3]**needn't / mustn't** write anything unkind or anything containing hate speech, though.

Secondly, you [4]**needn't / must** try to write your blog regularly, for example, every Sunday evening. That way, your readers know when to read your blog. However, you [5]**don't have to / mustn't** write the same number of words every time.
