Koalas are my favourite animals. They live in Australia. There aren't any koalas in other countries. Koalas are grey in colour. They aren't very big. Koalas can be eighty-five cm tall and weigh fifteen kg. They can't run or swim but they can climb trees and sleep very well. They've got twenty-four teeth and they eat one kilogram of eucalyptus leaves a day. A baby koala is called a 'joey'. I love koalas.
