
MONERA KINGDOM

Investigate about the Monera Kingdom.
Choose and circle the right answer.

1. They are unicellular / multicellular organisms.
2. They have got prokaryotic / eukaryotic cells.
3. They can be autotrophic and heterotrophic/ autotrophic / heterotrophic.

Join the words with the correct answer.

Unicellular •	• when living organisms feed on other living organisms.
Multicellular •	• are made up of more than one cell.
Prokaryotic •	• They have got a NUCLEUS.
Eukaryotic •	• are made up of ONE cell.
Heterotrophic •	• They don´t have a NUCLEUS.
Autotrophic •	• when living organisms obtain the nutrients from water, carbon dioxide and sunlight.
