Sample answer	Vocabulary	
(Answer) Well, the subject that is my all-time favorite is "Culture of countries in ASEAN", which was taught since I was a ***sophomore*** in university. (Reason) Although it was just an ***elective subject***, I was really into studying it since I could ***have deeper insight into*** ASEAN countries' cultures and be immersed in their vivid civilization. (Example) In class, we discussed history, religion, tradition and lifestyle of people in these countries. We also had a lot of group work and ***presentations*** to make this subject much more interesting to learn. We also used to read a lot of books related to ASEAN countries' cultures. ***Doing research into*** culture has always intrigued me as I have been a ***keen learner*** of culture. Additionally, we were taught by ***dedicated teachers*** who helped us understand the lesson quickly. Till now, I have still felt grateful for the lecturers who were so passionate with the lessons. This subject has brought me a feeling of satisfaction, which I could hardly see in other subjects. To sum up, it has been a useful subject as thanks to this, I find that I can ***broaden my common***	***Sophomore (n)***	Sinh viên năm 2
