Math Trailblazers

Mathematics – Division

Using the step-by-step method in division:

Example: Share 24 marbles between 2 boys.

	T	O	
	1	2	
2	2	4	2 ÷ 2 = 1
	- 2	0	
	0	4	4 ÷ 2 = 2
	-	4	
	0	0	

Solve the following using the given method:

No.	Question	Working
1.	Divide 33 by 3. Answer =	
2.	How much is 66 divided by 2? Answer =	

LIVEWORKSHEETS

No.	Question	Working
3.	Share 84 books equally among 4 classes. How many books would each class receive? Answer = books	
4.	There are 48 infants entering the school. How many students will there be in each of the 4 infant classes? Answer = students	
5.	Group 84 units into 2 equal groups. How many units are there in each group? Answer = units
