Impact of Dirty Environment

Drag the impact of dirty environment for these living things.

Wild Animals	Sea Animals	Humans	Plants

No more save space to move around. Most of us have plastic in our body. We got stuck to plastic.

All the field are full of trash. It is hard to grow because there is no more healthy soil.

The air is dirty. Human cant breath clearly. Human got sick for eating unhealthy food.

No save shelter for the animals. The water is dirty that they can't drink.
