Unit 1

Scanning for Key Words

What is scanning? It is a way to read very fast. You do not read all the words. You read only the words you are looking for.

In these exercises you learn to find words quickly. Then you can read quickly. Circle the key word every time you see it in the line.

Example:

Key words

1. **read**	real	read	reel	raid	read
2. **three**	tree	there	three	these	trees
