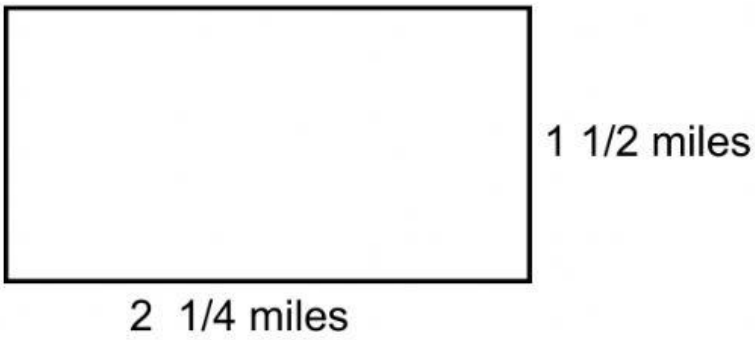
Multiply Mixed Numbers

Find the area of the park (in square miles) by multiplying the mixed numbers.



Step 1. Make both mixed numbers into improper fractions.

2 1/4 miles **1 1/2 miles**

6/4 8/4 9/4 1/2 3/2 2/2

Step 2. Multiply the two improper fractions. Choose the correct total below. 27/8 24/8 12/8

Step 3. Divide to convert the improper fraction to a mixed number. Type your answer in the box.
