# Decimal Counting Patterns

0.8 = 8/10 = 8 tenths

0.9 = 9/10 = 9 tenths

1 or 1.0 = 10/10 = 10 tenths or 1 whole

1.1 = 11/10 = 11 tenths

Just as we count by ones ie 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11

We can count by tenths
