a) rain b) dirt c) seeds

LIVEWORKSHEETS

Section 2: Reading Assessment

'Weather Around the World': Read the article.

Many places in the world have extreme weather. Some places are very cold. Some places are very hot. Some places are very rainy. Some places are very windy. People find ways to live in all of these places.

In Alaska, it is very cold. People make huts out of snow. The walls block out the cold winds. In the desert, it is often very hot. People live in tents. The tents keep the hot air out.

In China, it can be very rainy. People make hats out of plants. They wear the hats when they work. In Antarctica, it is very windy. Scientists live and work in buildings of many shapes and sizes.

Around the world, people find ways to live with extreme weather. Choose a place you just read about. What would you do to be able to live there?

Choose the correct answer and click on it.

1. How is the weather in Alaska?

Section 3: Reading Assessment

'Who Likes Rain?': Read the drama.

I want to play.

I want to play, too.

I can get there first.

No, I can get there first.

LIVEWORKSHEETS

It's raining! We cannot play.

I don't like rain.

I don't like rain, either.

Why don't you like rain? Rain is good.

Rain makes the dirt wet.

Rain makes seeds wet under the dirt.

Rain helps the seeds grow into trees.

No rain would mean no trees.

No trees?

No treehouses.

I like rain.

I like rain too.

I'm thirsty.

I'm thirsty, too.

Trees are not the only things that need water.
