1 We use [ ] to say something is necessary because of a situation or a rule.
We use [ ] and *need to* when the speaker feels that it is very important to do something, or when we talk about written rules.
2 We use [ ] and its negative form [ ] to give advice, or to say something is a good or bad idea.
3 We use [ ] to talk about something that is prohibited.
4 We use [ ] and [ ] to say something isn't necessary.
