

Activity n° 3

Solve the following subtractions and write the respective terms.

$$\begin{array}{r} \boxed{6} \quad \boxed{7} \\ - \quad \boxed{2} \quad \boxed{3} \\ \hline \end{array}$$

$$\begin{array}{r} \boxed{7} \quad \boxed{1} \\ - \quad \boxed{3} \quad \boxed{8} \\ \hline \end{array}$$

$$\begin{array}{r} \boxed{8} \quad \boxed{8} \\ - \quad \boxed{2} \quad \boxed{6} \\ \hline \end{array}$$

$$\begin{array}{r} \boxed{2} \quad \boxed{4} \\ - \quad \boxed{1} \quad \boxed{7} \\ \hline \end{array}$$

Activity n° 4

Note: To solve activities n° 4 and n° 5, you must use the following structure, $45 + 20 = 65$

Check the first subtraction property in the following subtractions.

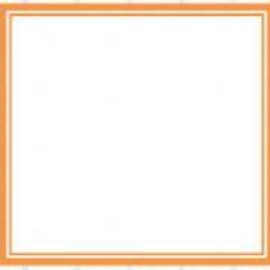

Remember: if we add the subtrahend plus the difference, the result will be the minuend.

$$\begin{array}{r} 65 \\ - 45 \\ \hline 20 \end{array}$$

65

- 45

20

 

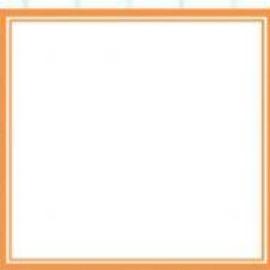

$$\begin{array}{r} 75 \\ - 32 \\ \hline 43 \end{array}$$

75

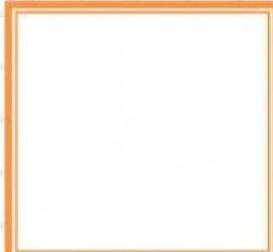

- 32

43

$$\begin{array}{r} 48 \\ - 11 \\ \hline 37 \end{array}$$

$$\begin{array}{r} 745 \\ - 321 \\ \hline 424 \end{array}$$

$$\begin{array}{r} 578 \\ - 256 \\ \hline 322 \end{array}$$

Activity n° 5

Resolve the second subtraction property in the following subtractions.

Remember: if we less the minuend with the difference, the result will be the subtrahend.

$$\begin{array}{r} 87 \\ - 25 \\ \hline 62 \end{array}$$

A blue arrow points from the minuend (87) to a large empty box for the answer.

$$\begin{array}{r} 71 \\ - 12 \\ \hline 59 \end{array}$$

A blue arrow points from the minuend (71) to a large empty box for the answer.

$$\begin{array}{r} 20 \\ - 15 \\ \hline 5 \end{array}$$

A blue arrow points from the result '5' to a large, empty blue-bordered box for writing the answer.

$$\begin{array}{r} 216 \\ - 142 \\ \hline 74 \end{array}$$

A blue arrow points from the result '74' to a large, empty blue-bordered box for writing the answer.

$$\begin{array}{r} 456 \\ - 344 \\ \hline 112 \end{array}$$

A blue arrow points from the result '112' to a large, empty blue-bordered box for writing the answer.

Activity n° 6

Solve (NEUTRAL ELEMENT)

Remember, if the neutral element of the subtraction is the number zero (0), any number less 0 will give the same number.

$67 - 0 =$

$47 - 0 =$

$90 - 0 =$

$185 - 0 =$

$378 - 0 =$

$912 - 0 =$
