My day out

Where did you go?

Last Saturday, I [1] visited the technology museum with my brother.

What did you see/do?

First, we looked at the cars, but they were boring. I [2] ... the cars.
Next, we [3] ... to an inventor about her new robot. The robot's name was Techbot.
Techbot was amazing. It walked and it jumped. Then it [4] ... football!
'Can it dance?' I asked. The inventor played some music and Techbot [5] ... with me and my brother!
When we arrived home, I [6] ... at the computer. There was an email from the inventor with a video and a message, 'Techbot filmed you!' I [7] ... the video. It was a video of me and my brother dancing with Techbot.

My opinion

I really liked the technology museum. It [8] ... an interesting day.
