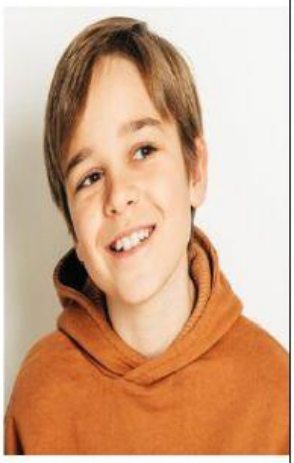
2. Read the text and choose TRUE or FALSE.



Hi! My name's Evan and I'm ten years old. At the weekends I do a lot of different things.

On Fridays, I meet my friends, we usually go to the park and we play football.

On Saturdays, I play a basketball match with my team, our team's name is ``The wild cats´´. After the match, I visit my grandparents and I have lunch at their home. We go there the whole family: my parents, my sister, my three cousins, my aunt, my uncle and me.

After lunch, we play board games, my favourite one is the ``Monopoly´´. Sometimes, we play the ``Scrabble´´ game, but I don't like it.

On Sundays, I usually go to the park to walk the dog. Then, I do the homework and I watch a little bit the TV. I don't play video games at the weekends. What about you?
