Tuan

Read the passage and choose the best answer to each question. (5 questions)

Teenagers have certain norms that adults fi nd diffi cult to understand. In actual fact, these norms indicate teenagers' culture and their transition from childhood to adulthood. First, teenagers place an emphasis on their friends and friendships. Their friends can infl uence them much more than their parents and relatives do. They even lose interest in and pay less attention to their family members. This focus on friends is perfectly normal and should not be made a fuss of. Second, teenagers start to be attracted to the opposite sex. Their puppy loves make up their whole world. Though short-lived, such relationships give them experiences that have an effect on their future relationships. Third, teenagers are attracted to social networking and maintaining several profi les and accounts is acceptable among themselves. **They** also tend to keep online interaction away from their family. In a nutshell, teenagers stay away from their family and are attracted to their **peers**.
