EVALUACIÓN DE LOS APRENDIZAJES

SCHOOL YEAR:	2020-2021	**QUIMESTRE:**	**1**	**SUBJECT:**	Science			
TEACHER:	**María José Flores**				**GRADE-COURSE:**	3 EGB	**CLASS:**	A, B, C
DATE:					**SCORE:** ……/40			

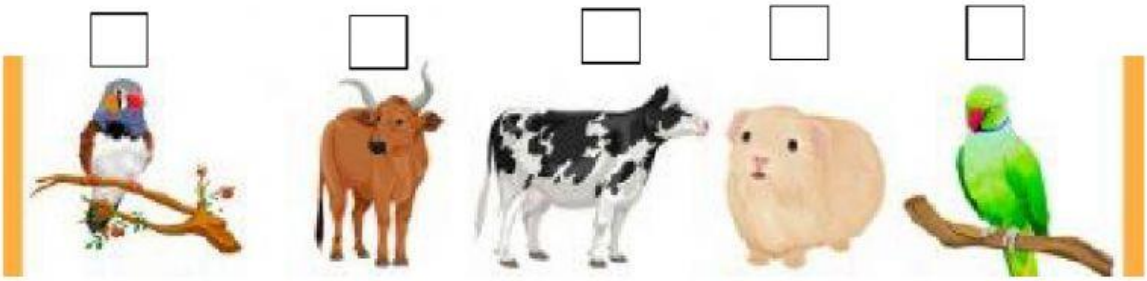
UNIT´S NAME:
Unit 1: Living Beings and Animal classification
Unit 2: My Body and Solar System

DCED TO BE EVALUATED	EVALUATION CRITERIA CONSIDERED IN THE EVALUATION
CN.2.1.2. Observe and identify changes in the life cycle of different animals (insects, fish, amphibians, reptiles, birds and mammals) and compare them with the changes in the life cycle of human beings. CN.2.1.4. Observe and describe the characteristics of animals and classify them into vertebrates and invertebrates, by the presence and absence of a back bone. CN.2.2.2. Explore and describe the organs that allow body movement and exemplify coordinated function of the skeleton and muscles of the body.	CE.CN.2.4. Promotes strategies to lead a healthy life, through the understanding of the brain, heart, lungs, stomach, skeleton, muscles and joints according to their function and structure, the necessity of a balanced diet, adequate physical activity, managing norms of personal hygiene and a correct handling of food during his/her daily activities at home and other places. CE.CN.2.9. Proposes activities that living beings are able to do during the day and night, through the comprehension of the influence of the Sun, the Moon and Earth, the climate and the knowledge about tools, traditional technology used for agriculture, time prediction and atmospheric phenomena.

GENERAL INSTRUCTIONS:	• Read the questions carefully. • You have **60 minutes** to complete the evaluation. • If you have finished, go through the exam carefully and send it to your teacher.

Mark……../5

1) Write W for wild or D for domestic.



Coordinación Académica Inglés 2020-2021 APROBADO Mac. Mónica Benavides UEAPCH

Mark……../6

2) Choose the correct answer.

_____ animals give birth to live animals.

_____ animals lay eggs.

Mark……../3

3) Choose the correct answer.

Herbivore. Carnivore. Omnivore.

An animal that eats plants only.

An animal that eats both plants and animals.

An animal that eats animals only.
