Practice

Multiply.

1. 52×30
2. 76×40
3. 27×70
4. 80×90
5. 48×20
6. 63×60
7. 400×50
8. 88×80
9. 153×30
10. 400×70
11. 94×50
12. 785×20

Copy and multiply.

13. 40×253
14. 70×36
15. 90×573
16. 426×30
17. 651×60
18. 20×879
19. 89×50
20. 80×600

Problem Solving

Solve each problem.

21. How many minutes are there in 36 hours?

22. How many seconds are there in 15 minutes?

23. Charlotte can walk 1 kilometer in 9 minutes. One day, Charlotte walked for 90 minutes. How many kilometers did she walk?

24. A container holds 245 milliliters of juice. The cafeteria used 80 containers. How many milliliters of juice did the cafeteria use?

25. The school photographer took 875 pictures. Each picture takes 40 seconds to develop. How many seconds will it take to develop the pictures?

26. Bobby read 16 chapters of a book. Each chapter was 30 pages long. Bobby took 50 minutes to read each chapter. How long did it take him to read the book?
