C. Where do you like to do at weekends
D. What do you like to do in your free time

Read the following passage and mark the letter A, B, C, or D to indicate the correct answer to each of the questions from 21 to 25.

Safety on Foot

We've all heard it **a thousand times**: "Look both ways before you cross the street!" But how many people really obey this simple rule? According to the Federal Highway Administration, about 100,000 pedestrians (people traveling on foot) are hit by cars each year. **It** is one of the leading causes of accidental death for children. So, how can you be safe when you are walking? Follow these simple rules offered by the National Highway Traffic Safety Administration:

- *Always walk on the sidewalk.* If there is no sidewalk and you have to walk in the street, always walk on the side that allows you to face oncoming traffic.
- *Wear bright colors.* You want drivers to be able to see you. If you must walk at night, be sure to wear reflective clothing or tape so that drivers can see you.
- *Cross the street only at marked crosswalks or corners, and always stop at the curb before crossing.* Look both ways (left, then right, then left again). If you see a car coming, wait for it to pass. Keep looking for cars as you cross.
- *Walk at a good pace.* Never run.

(Readwork – 2015)

21. How many pedestrians are hit by cars each year?

A. about 100
B. about 1,000
C. about 100,000
D. about 1 million

22. What does this text list?

A. rules for being safe while walking

LIVEWORKSHEETS

B. the top five causes of accidental death among children

C. the names of all pedestrians hit by cars last year

D. the names of the people working at the National Highway Traffic Safety Administration

23. What does "**a thousand times**" in the first sentence mean here?

A. at one time or another

B. once or twice

C. a lot

D. every single day of our lives

24. What does "**It**" in the first paragraph refer to?

A. the Federal Highway Administration

B. being hit by a car

C. driving a car

D. accidental death

25. What is the main idea of this text?

A. Looking both ways before crossing the street is a simple rule.

B. You should cross the street only at marked crosswalks or corners, and always stop at the curb before crossing.

C. People walking at night should wear reflective clothing or tape so that drivers can see them.

D. Many pedestrians are hit by cars each year, but there are steps you can take to protect yourself.

Read the following passage and mark the letter A, B, C, or D to indicate the correct word that best fits each of the numbered blanks from 26 to 30.

Wind is the movement of air. Wind blows during storms and on clear, sunny days. It can be hot or cold. It blows at different (26) _____, too. People who study wind and weather are called meteorologists. They study how wind moves around the planet.

Meteorologists also study pressure systems. In high pressure systems, there is (27) _____ air pressure than normal, and the wind blows clockwise. High pressure systems usually have good weather. In low pressure systems, there is less air pressure than normal, and the wind blows counterclockwise. Low pressure systems usually (28) _____ storms.

Wind is an important resource. We use it to create power. Sails catch wind to help boats move. People use wind to (29) _____ their clothes outside. Windmills are used to pump water from the ground. Today we even have wind farms. Wind moves giant machines, called turbines, that turn to make electricity. The largest wind farm is in Texas. It has over 400 turbines. That is (30) _____ to male electricity for 20,000 homes.
