Unit Test 5 and 6

I. Multiple Choice
Read the text below to answer no 1-5.

Where are the Animals' Homes?

Animals have many different homes. I have a pet kitten. It lives in my home. I also have pet goldfish. They live in a tank of water! Lots of other animals live in water. Jellyfish and starfish live in the ocean.

Eagles and other birds make nests in trees. Trees are homes for lots of other animals, too. Opossums live in tree hollows.

Some animals make their homes. Honeybees make a hive. Then they make honey in it.

Other animals find their homes. Some crabs live in old seashells.
