STRANGE CREATURES

ACTIVITY 1: Read the text and answer: do you believe in the existence of the Yeti and Nessie? (¿creés que existen el Yeti y Nessie?)

Ⓐ The Yeti

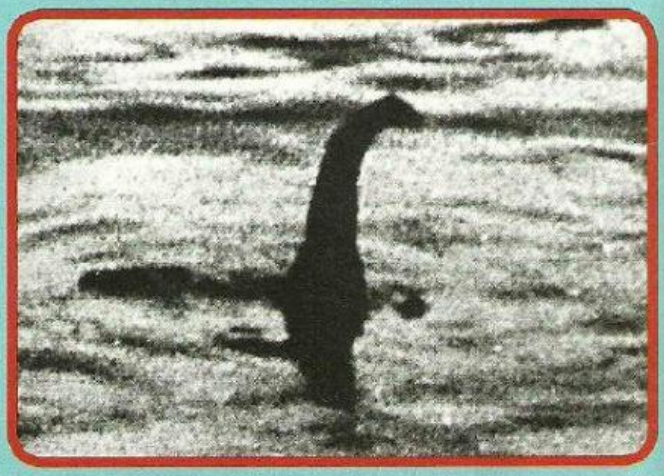
A long time ago there were stories about strange creatures or 'yetis' in the Himalayan mountains. They were big and hairy and had big feet and long arms. Then one day a climber photographed strange footprints in the snow. Were these yeti footprints?

Last year a man found some strange hair. Scientists studied it, but it wasn't from a human or an animal. Was it from a yeti? It's a mystery!

Ⓑ Nessie

The Loch Ness Monster, or 'Nessie', lives in a lake in Scotland. People first saw her hundreds of years ago. Then, eighty years ago, a man stopped at Loch Ness. He wanted to see Nessie so he waited and waited. Finally he was lucky. He took this photo.

A few years ago, people looked for Nessie with underwater cameras. This time she didn't appear. Is Nessie a watersnake or just a big fish? We don't know!



ACTIVITY 2: Now listen to the story and match the facts with the creatures. Write Yeti or Nessie

1. It's from Scotland. Nessie
2. It lives in the mountains.
3. It has got strange hair.
4. It lives in a lake.
5. It has got long arms.
6. There is a photo of the creature.
