LINA's STORY

My name is Lina. I come from Indonesia. I came to Canada 2 years ago and now I am studying English in the LINC program. I go to school four days a week from 9am to 12:00pm.

I am 26 years old and have short brown hair. I am an outgoing person and I like to make many friends. I love the summer months in Canada, but do not like the winter.

I was a hairdresser in Indonesia. I like hairdressing but it is different in Canada. It costs a lot of money to study hairdressing in Canada. I would like to be an old-aged care worker in Canada. I will continue to study English. Then when my English is good enough, I will go to Keyano and study old-aged care. In five years' time, I would like to save enough money to buy a house.

Read the text and answer the questions.

1. What is her name? _____
