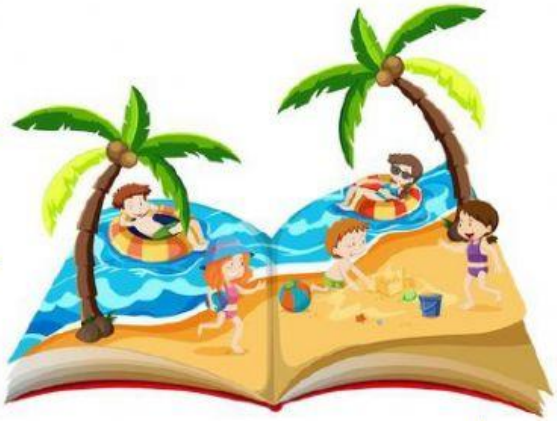
MY SUMMER HOLIDAY

My summer holiday starts on 15th July and I usually spend time with my family and friends.

On weekdays, I do some revision homework, I read scary stories and I watch some films or TV series. I also cook with my mum and dad and I help at home: I make my bed, I set and clean the table...

At weekends, I go to the beach. I really love beaches in Mazarrón because they are sandy but they aren't very deep.

I often go with my cousins and we do lots of things: we go for a walk, we play beach volley, we have a swim and we build sandcastles.



What about your summer holiday?
