
Butterflies ..... beautiful insects. People enjoy looking at
1 butterflies because of the lovely colours on ..... wings.
2 In busy cities, it is difficult ..... butterflies to find a nice
3 place to live, but we can plant flowers that butterflies .....
4 in our parks and gardens. At night, or ..... bad weather,
5 butterflies hide under leaves or sleep in small spaces .....
rocks.
6 Some butterflies ..... eat one kind of plant. This is called
7 a 'food plant'. A butterfly's colours are ..... the same
8 as its food plant, so it can hide well. This is important .....
animals like birds, bats and spiders eat butterflies.
9 You can see ..... different kinds of butterflies at a butterfly
farm. The butterfly farmer looks after butterflies there to show them to
other people, and to sell them.
10 Some butterflies are big but the ..... butterfly in the world
looks like a fly.
