( ) tem dois filhos.

( ) tem três filhos.

AFTER LISTENING

5. Leia o poema abaixo para responder as questões que seguem.

What is a family?
Who is a family?
One and another makes two is a family!
Baby and father and mother: a family!
Parents and sister and brother: a family!

All kinds of people can make up a family
All kinds of mixtures can make up a family

What is a family?
Who is a family?
The children that lived in a shoe is a family!
A pair like a kanga and roo is a family!
A calf and a cow that go moo is a family!

All kinds of creatures can make up a family
All kinds of numbers can make up a family

What is a family?
Who is a family?
Either a lot or a few is a family;
But whether there's ten or there's
two in your family,
All of your family plus you is a family!

From: HOBERMAN, Mary Ann. *Fathers, Mothers, Sisters, Brothers: a collection of family poems*. New York: Hachette Book Group Inc., 2001, p. 3.

a) Marque a única ideia que não está de acordo com o poema.
