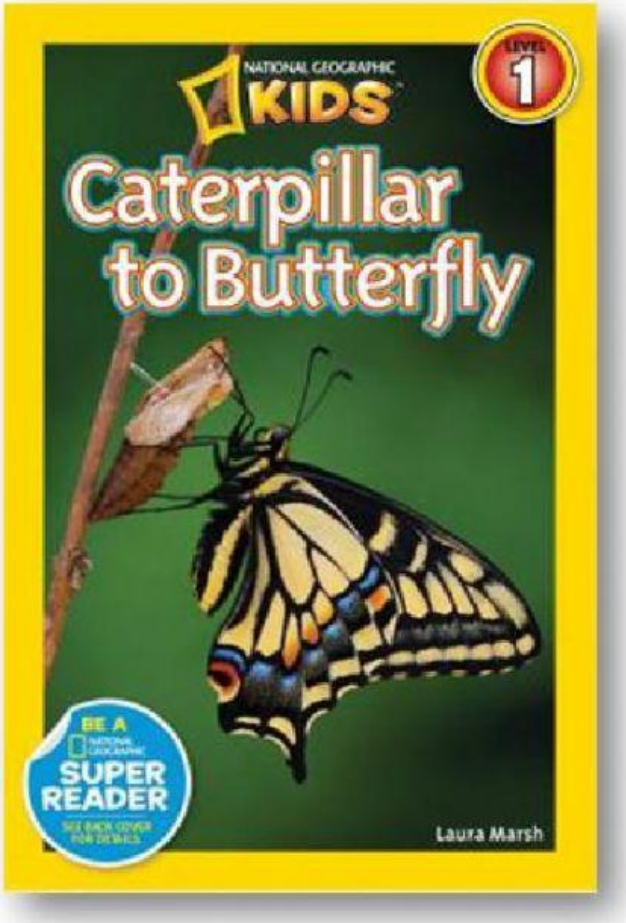
1. What type of text feature is shown below?
2. What is the name of the author?



3. How many Chapters are in the example shown below?

4. On which page can you find the Glossary?

5. How many pages are in the glossary?

Table of Contents

Flowers……..……..3

Vegetables……..……....9

Fruit…….....12

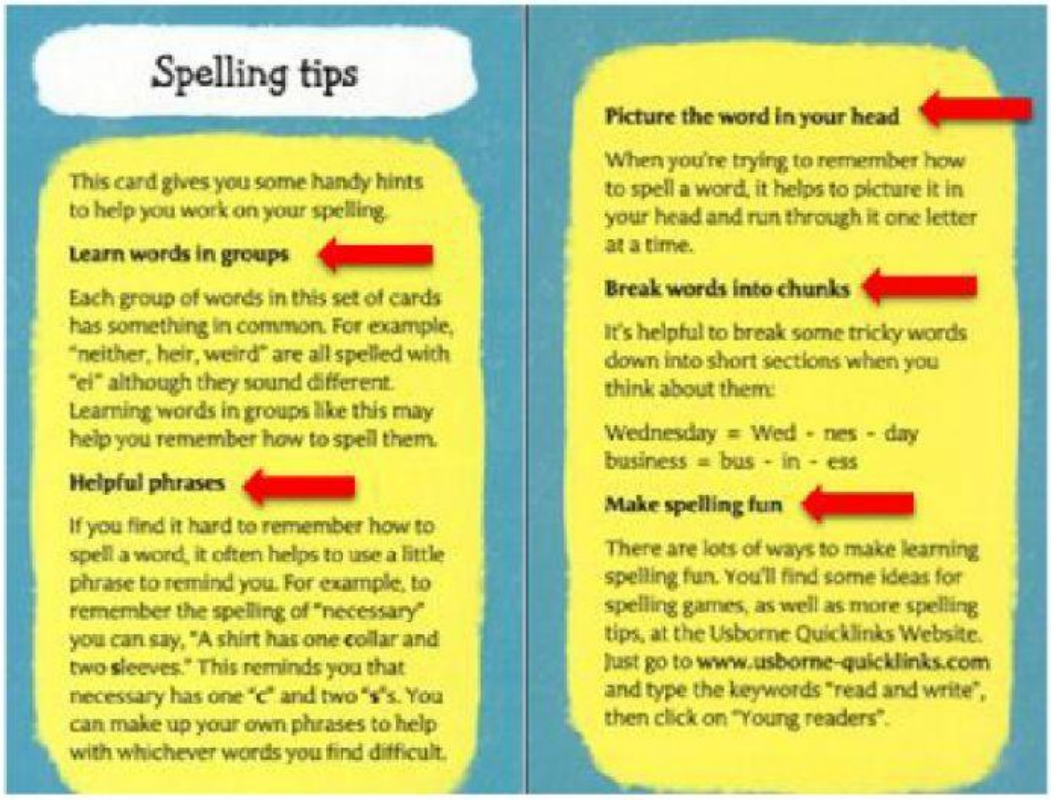
Trees……15

Glossary……...20

Index……24

6. What is the heading in the example below?

7. Give one sub-heading shown in the example below.



Spelling tips

This card gives you some handy hints to help you work on your spelling.

Learn words in groups

Each group of words in this set of cards has something in common. For example, "neither, heir, weird" are all spelled with "ei" although they sound different. Learning words in groups like this may help you remember how to spell them.

Helpful phrases

If you find it hard to remember how to spell a word, it often helps to use a little phrase to remind you. For example, to remember the spelling of "necessary" you can say, "A shirt has one **c**ollar and two **s**leeves." This reminds you that necessary has one "**c**" and two "**s**"s. You can make up your own phrases to help with whichever words you find difficult.

Picture the word in your head

When you're trying to remember how to spell a word, it helps to picture it in your head and run through it one letter at a time.

Break words into chunks

It's helpful to break some tricky words down into short sections when you think about them:

Wednesday = Wed - nes - day
business = bus - in - ess

Make spelling fun

There are lots of ways to make learning spelling fun. You'll find some ideas for spelling games, as well as more spelling tips, at the Usborne Quicklinks Website. Just go to **www.usborne-quicklinks.com** and type the keywords "read and write", then click on "Young readers".

8. What page would you find information about caterpillars?

Index

butterfly
food.....10
