**My town: past and present**

In 1900 my town was very different. It was smaller and safer but it was also dirtier and more boring! In the centre of town, there were some shops, a bank and a library, but there weren't any hotels, museums or supermarkets. The nearest theatre was 5 kilometres away, and there wasn't a football stadium. There were 13,000 people in the town and most of the buildings were small houses with gardens.

Today the town is bigger. There are a lot of modern houses but you can see some older houses near the centre of town. There are also cafés, restaurants and an animal hospital. The town still hasn't got a stadium but there's a sports centre.

My big sister doesn't live here now. She's a doctor and she works in a big city. I want to be a doctor too, but I want to be an animal doctor – a vet. I hope I can find a job at the animal hospital in my town when I finish school.
