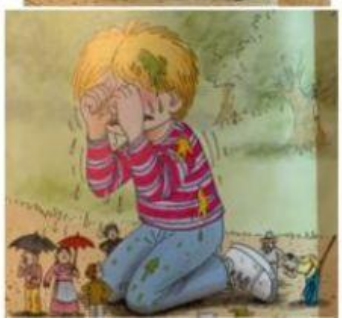
Kipper was watching television. He was watching a programme called "The Angry Giant". He liked the programme.

Kipper began to cry.
"I'm not a giant," he said. "I'm a little boy and I don't like this adventure."

He ran to get Biff but she was out with Chip. The magic began to work. It took Kipper inside the magic house.

The magic took Kipper to the gate of the giant's castle. Kipper was frightened.

The angry giant lived in a castle near a village. Nobody in the village liked the giant. He was always cross.


Kipper came to the village but it was tiny. Kipper was a giant.
"Oh no!" said Kipper.
