Read and choose the correct answer

ARTICLE

Amanda George is a famous actress. She grew up in a humble family from Tennessee. She is the youngest of five siblings. Two of her brothers are bus drivers; her oldest sister, Lucia, is a nurse in their little hospital downtown and her younger sister, Paola, works as a pharmacist near the George family house. Amanda's mother works as a maid in a hostel in Tennessee since her husband passed away. She alone was responsible for her five children. Amanda George was an English teacher before becoming a famous actress. She is 28 years old now, and she says her first gift to her mother was an enormous house in Tennessee for her family to live happy and comfortably.
