B. Read the text about the benefits of learning a second language. Choose the correct heading (i-viii) for each section (A-E) from the list of headings below.

Why Should Students Learn a Second Language?

Studying a second language is common for students all over the world. We all know that learning a second language is a good idea, but why? Let's explore some of the benefits below!

A. By learning a second language, students can socialise more with friends who speak the language, and they make new friends, too! This can lead to strong, long-lasting friendships.

B. Studying a new language can help students learn about various cultural traditions and ways of life. Even simple words and expressions allows them to show respect for people who speak that language.

C. Learning a second language is like a workout for your mind. It can strengthen memory, deepen concentration and even improve problem-solving skills. This exercise can also prevent diseases of the brain like Alzheimer's.

D. Learning a foreign language can open doors to many job opportunities, especially in today's multicultural world. Many companies are looking to hire people who speak more than one language, so they can help more customers around the world.

E. Studying a second language can help students grow. It shows that they are willing to try new things and take on challenges, and this can boost their confidence.

The benefits of learning a second language can lead to new experiences, friendships, and opportunities for development. So why not try it?
