VALENTINE'S DAY BUDGETING CHALLENGE

14 FEB

Instructions: You are planning a Valentine's Day party for your class, and you have a budget of $50. You need to decide how to spend your money wisely to get the best decorations, treats, and activities while staying within your budget.

RULES

- You must buy at least 3 different types of items.
- You cannot exceed your $50 budget.
- You should try to get the best deal by comparing prices and discounts.

YOUR PURCHASES

Fill in the table below with the items you choose and calculate your total cost. Apply any discounts where applicable!

Item	Quantity	Total Cost (after discounts)
Total:		$

Reflection Questions:

1. What was the most cost-effective purchase you made?
2. How did unit rates or discounts affect your choices?
3. If you had an extra $10, what would you add?
