Use counters to find the number of equal groups or how many are in each group.

4. 15 counters
5 equal groups
_____ in each group
15 ÷ 5 = _____

5. 10 counters
_____ equal groups
5 in each group
10 ÷ _____ = 5

6. 25 counters
5 equal groups
_____ in each group
25 ÷ 5 = _____

Use repeated subtraction to divide.

7. 10 ÷ 5 = _____

8. 5 ÷ 1 = _____

Algebra **Draw an array and use the inverse operation to find each unknown.**

9. ■ × 5 = 20
? ÷ 4 = 5
■ = _____
? = _____

10. 5 × ■ = 40
40 ÷ ? = 8
■ = _____
? = _____
