Lessons 11–12 **Science and medicine**

Listening 39

3 **Listen to two students, Emma and Fatima, talking about stem cell therapy and decide if these statements are true (T) or false (F).**

1. Fatima knew about the boy's treatment.
2. Emma believes there should be more research into cell treatment for cosmetic reasons.
3. Stem cell tourism is found worldwide.
4. Fatima doesn't think that stem cell tourism is a bad idea.
5. Stem cell tourism can be very profitable.
6. Emma believes that stem cell therapy doesn't treat lung cancer.
7. Emma doesn't understand why people pay clinics for untested treatments.
8. Fatima knows how much stem cell treatment costs.
