READING COMPREHENSION: MEANS OF FAMILY TRANSPORT

Read the story below and then answer the comprehension questions on the next page.

Hello, my name is Irene and I am 15 years old. I go to school every day by bus, it is safer for me. My mother goes to work three days a week and her fastest means of transport to get there is by bike. I would like to travel by plane or boat someday, I don't like to travel by train because I'm afraid something will happen. My father very much likes to use his motorcycle to go see my brother at school, although he would very much like to be able to get a car at some point or be able to acquire a helicopter in case of emergency.
