

✧ About the story ✧

This story is based on a famous play by William Shakespeare, written about 400 years ago. It's set on a lonely island, with the following characters...

Prospero, magician and ex-Duke of Milan. Thrown out of Milan by his brother, ending up on the island.

Ariel, Prospero's fairy servant. Can make himself invisible.

Caliban, Prospero's servant. Very grumpy.

Miranda, Prospero's daughter. Grows up on the island, remembering nothing of her past.

Ferdinand, Prince of Naples. Young, brave and ready to fall in love.

Alonso, King of Naples and Ferdinand's father. Helped to plot against Prospero.

Gonzalo, a kind old lord. When Prospero was attacked by his brother, Gonzalo helped him escape.

Sebastian, King Alonso's brother. Envis Alonso's crown.

Antonio, Prospero's brother. Attacked Prospero and made himself false Duke of Milan.

Trinculo, the King's jester. Always making jokes.

Stephano, the King's butler. Kind but vain.

As the play begins, Ferdinand, King Alonso and their followers are on a ship in a storm – a magical storm, called up by Prospero to bring them to the island.
