G Reading: Scanning

Read the text and write a one- or two-word answer. Use only words from the text.

TV Music Fashion Sport

The Celebrity Chef

There was a time when no one thought a chef could be as famous as a football player. Today, many chefs are celebrities with their own books, TV shows and podcasts. Maybe the most famous, or the most popular, is James Black. It all started in 1973 with his original TV show, *Cooked*. At the time, he was a young US actor and the television company asked him to study with some of the best French chefs in Paris and make his own show. After the show was a success, thousands of *Cooked* books were in kitchens around the world. James wanted everyone to feel like they could cook, or at least learn to make better food.

French cooking uses a lot of butter, oil, and other delicious things that weren't popular in the 1990s. That is when the healthy eating and cooking shows started like *Delicious Diets* and *Farm Good*. James then wrote his brilliant series of books *Healthy Plate*. A few years later, in 2001, the movie *Love Food* was showing all around the world. It tells the story of his life.

Knives is his latest popular cooking show where he gives talented chefs a chance to also become famous. When Mariam from Buenos Aires and Tom from Liverpool started on *Knives*, no one knew them. Now, they have their own amazing TV shows. Mariam teaches teenagers to cook, while Tom shares his grandma's best recipes with an older audience.

1 _____ was a TV show from the 1970s.

2 James Black is from the _____.

3 In the 1990s, French cooking became less popular because it has a lot of butter and _____.

4 *Farm* _____ is a TV show from the 90s that taught people to cook healthier food.

5 There was a movie about James' life in _____.

6 _____ became famous on *Knives* and helps young people.
