Clase de Cami

Would para desear cosas.

Would you like to eat this cake?

What would you like to eat today?

Where would you like to go in a vacation?

What celebrity would you like to meet?

What would you ask?

My next birthday I would...

On my next birthday I would like to eat a lot of ice cream. I would like to be with my friends and my family. I would play board games and I would dance.

What would you do on your next birthday?

Vocabulary for February

Story time!

Nature can be really amazing! Did you know that a volcano drops lava right from the center of the earth? When this lava cools, the earth becomes extra fertile. Anything can grow in volcano soil!

Desert may look very hot, but at night the temperature drops below zero grades. And the organisms adapt to these dramatic changes of weather.

LIVEWORKSHEETS

The rainforest keeps a lot of life, thousands of species, including bugs, mammals and reptiles. Mexico has a large space of rainforest!

There can be life even in the most hostile environments, even in the glaciers! Creatures like penguins, seals and ice bears live in glaciers.

The ocean itself holds millions of species. Nevertheless, the sea creatures are endangered, because the ocean is has the most pollution.

The world is truly amazing! We have to take care of it!

Match the picture! Say the words!

Ocean

Glacier

Desert

Volcano

Rainforest
