Hi Sue,

How **are** you doing? Last Sunday, my dad took my brother and me to our grandparents' farm in his car. My grandparents live on a farm near the sea. I love it very **(1)** because there are so many exciting things to see and to do at their farm. Last Tuesday, my brother and I rode horses for the first time. I rode the oldest horse and my brother rode the youngest one. **(2)** horse was much faster than mine. Yesterday, my grandfather showed us three of their new baby horses. They were only 4 days **(3)** and were very cute. They had pretty brown eyes and made funny noises. My grandfather still hasn't named the baby horses **(4)** , so he wanted me to think of names for them. I was thinking of calling them Moon, Star and Sun. What do you think? **(5)** you have any better names for the baby horses?

Much love,

Helen
