The Three Rs

When you're walking to the rubbish bin
with some [ ] in your hand,
you might want to stop and think again.
Can this be [ ] or given away?
Let's start looking after our world today!

Reduce. Reuse. [ ].
Do it [ ]
Don't throw everything away
when clearly there's another way.

Reduce. [ ] Recycle.
Help to keep our world [ ]
Do your part every day
to make our world [ ]

Recycling is easy when you know what to do.
[ ] Paper? Metal?
These things can be reused
again, and again and again!

CHORUS

Compost your uneaten [ ]
Composting isn't hard to do.
Natural things can be reused
when they get a helping hand from you!

[ ] Reuse. Recycle.
Do it every day.
Don't throw everything away
when clearly there's another way.

Reduce. Reuse. Recycle.
Help to keep our world clean.
Reduce. Reuse. Recycle.
Help make our world green!
