Student 1 (Ethan): Ok, so the Saint Lawrence River is a river that goes through Montreal Québec and it is a _ _ _ _ _ _ _ _ _river. Tourists are known to go there to watch the _ _ _ _ _ _ _ _ _ _ .

Student 2 (Natalie): So, as Ethan said, the main _ _ _ _ _ _ _ _ _ _ _ _ _ _ in the Saint Lawrence river is whale watching and you can take a cruise there and the Saint Lawrence river goes through Montreal and Quebec City and it's from Lake Ontario until the Atlantic. If you ever go whale watching, I've personally never gone but I know that it's pretty _ _ _ _ _ _ _ _ _ _ _ _to actually see a good chunk or a good part of the whale because the whales are so big and it's really hard to because they barely come above water, I guess.
