There are three kinds of rocks and this is how they're
named: , , Igneous.

There are three kinds of rocks and this is how they're
named: , , Igneous.

We will we will rock you!
We will we will rock you!

is hot it comes from underground
Hot throw it all around.
Lava gets and turns into called Igneous.

We will we will rock you!
We will we will rock you!

and wears down rock.
Years and years of .
Rivers take pieces out to where the make layers on the floor.
build up over many years.
Layers turn and then one day rocks are made.

We will we will rock you!
We will we will rock you!

Rocks go down into the Earth's
and change them again
rocks are made.
