TAGORE INTERNATIONAL SCHOOL
VASANT VIHAR, NEW DELHI
MATH WORKSHEET: CLASS IV

Name_____ **Class & Sec** _____ **Date**_____

Q1. Determine the perimeter of the given triangles. (Leave no space between the numbers & symbols. Follow the solved example for steps)

a) 5 cm, 4 cm, 6 cm

Perimeter= side+side+side

=5+4+6

=15cm

b) 34 cm, 41 cm, 39 cm

Perimeter= _____

=_____

=_____

c) 11 m, 17m, 19 m

Perimeter= _____

=_____

=_____

d) 14 m, 26 m, 13 m

Perimeter= _____

=_____

=_____

Q2. The sides of some squares are given. Find the perimeter. (Be careful of the units. Follow the solved example for the steps.)

a) Side = 15 cm

Perimeter= 4xside

=4x15

=60m

b) Side = 125 cm

Perimeter= _____

=_____

=_____

d) Side = 29 cm

Perimeter= _____

=_____

=_____

d) Side = 235 m

Perimeter= _____

=_____

=_____

e) Side = 45 m

Perimeter= _____

=_____

=_____

f) Side = 77 cm

Perimeter= _____

=_____

=_____
