Hi friends,

Help! This October I'm doing an exercise challenge. Every day, I do 30 minutes of exercise after school. Today is the fifteenth of October and I'm bored with the challenge. I just want to finish it. I like doing exercise, but I don't want to do it every day.
My friends Rose and Charlie are doing the challenge too, but they're happy doing exercise. What can I do? Is it a good idea to talk to my friends?
